Dear Parents and Carers

**TRAFFIC CONGESTION ON MILL LANE - We really need your help with this project**

As you are aware, there is serious traffic congestion outside our school on Mill Lane and not only does this create safety issues, there is also a concern regarding the air quality for our children.

We are working with the Safe and Sustainable Travel Coordinator from Leicestershire County Council on a long term project to try and improve the air quality for our children in congested areas. Blaby District Council has received a small grant to support a project to improve the air quality in the congested areas of our district, and to build in more sustainable travel options.

As part of this project, in early 2018 representatives from the council will be holding a consultation session with parents, carers and family members outside the school.

Prior to this meeting we are asking our parents and carers to complete an online consultation. We really hope that everyone participates in this survey as this is the perfect opportunity for you to pass on your concerns to the local council.

Please follow this link to put forward your views on the congestion problems outside the school:

**<https://www.surveymonkey.co.uk/r/bdcbofa>**

**Please join us in trying to make this positive change for the safety of our children.**

Yours sincerely

Miss T Lawrence  
**Head of School**
