Dear Parent/Carer

Re: Anaphylaxis Update Request

Your child is on our medical records as being at risk of anaphylaxis. Their Emergency Action Plan is displayed in school and kept with your child's emergency medication for staff to follow in an emergency.

We are updating all our medical records. We have attached a copy of your child's Emergency Action Plan, linked to their allergy and use of emergency medication (EpiPen/Jext pen/antihistamine).

Could you please check and if there is any out-of-date information, please bring in a new Emergency Action Plan with a photo, for school to display and follow. The prescriber of the medication should provide you a copy of the Emergency Action Plan.

If we do not receive an updated plan, we will continue to follow the Emergency Action Plan we have in school.

All key staff have recently attended an 'anaphylaxis awareness' training session provided by the School Nurse Team.

A list of useful organisations for parents to contact for advice was given:

Anaphylaxis Campaign helpline 01252 542029
