

An update from Miss Lawrence (Headteacher) and Mrs Hickinbottom (Deputy)...

Enterprise Day

Back in February, the KS2 children spent the day looking at business ideas that they could complete to raise money for school equipment. Children were creating marketing plans, weighing up the advantages and disadvantages of taking out a loan and preparing their stock for the market stall. The market stall was an overwhelming success with money passing hands quicker than stallholders could keep up with! A grand total of £542.22 was raised and the School Council have already shared their ideas on how the children want to spend their monies. We will keep you updated on what they buy!

The overall winners were:

Most money raised: Evie in Year 3

Most innovative idea: Will and Liam in Year 3

Year 4 overall winner: Summer

Year 5 overall winner: Amelia

Year 6 overall winner: Ethan and Jamie

Well done to all :-)

Parental Engagement

We've had fantastic events this half term already: 3BB performed an incredible class assembly, we held our E-Safety workshop for parents and carers, EYFS bedtime story, Y6 SATS evening, Characteristics Morning and Phonics Workshop.

Pearson Teaching Awards

We received the news that two of our members of staff have been nominated for the Pearson Teaching Awards. This prestigious award is nominated for by members of the public and is a national award. Well done to Miss Lawrence and Miss Hainsworth who have been nominated. We will let you know if they progress to the next stage but are very proud of them achieving these nominations so well done.

Beat the Streets

The children are really enjoying taking part in 'Beat the Streets'. We encourage you all to take part in this initiative but remember that your points won't register unless you tap your first two beat boxes in under an hour. This will run until **10 April 2019**—so get moving :-)

Research Project

You are invited to take part in a research project looking into parents' opinions of school gardens and gardening which is being conducted by Loughborough University. This research will help us to understand about the potential benefits of such initiatives for children's health and wellbeing. If you would like to participate in this research, please click this link: <http://bit.ly/caregiver-gardens>

Willow Dome

Our Willow Dome is now up and running! The children helped Tom to build it and had a fantastic time. It is now ready to be used as an outdoor classroom as well as acting as shade in the summer! Thank you to the FEDS for fundraising for it and we were also able to use our TESCO grant.
